1000 E. Washington St.
Medina, OH 44256

Sign up early!
Space is limited

Are you, or do you know a girl, 11 to 14, who would like to

- Have a big sister or just an older girl to talk with about difficult things?
- Get to meet and know girls from other schools?
- Ask questions about topics you may not feel comfortable discussing with your friends?

Then SISTER-TO-SISTER 2020 may be of interest to you!

At the Sister-to-Sister Conference, we will:

- discover what is meant by "peer pressure"
- learn about healthy relationships
- find our own positive personal attributes
- be inspired by our presenter to set new goals
- have fun with icebreakers, activities
- snack, chat, plan and make new friends

Why SISTER-TO-SISTER?

An American Association of University Women's report termed self-esteem issues as "evaded curriculum"--subjects not covered in the classroom but very much linked to the educational experience.

The S2S format provides networking opportunities for young women with older teens and girls from other schools as well as activities to help them build that self-esteem and fill in the gap.

Parent-to-Parent Session

- Parents: would you like to know what materials are introduced in S2S? Do you have concerns that you would like to express?
- A session will be held in an adjoining room for interested parents during the last part of the Conference. The presenter will discuss ways to help your teen develop her personal strengths and positive relationships.
- Please come at 3:15 p.m.
- No advance registration is required
